

Academic Open-Source EULA (MCLOS)

END USER LICENSE AGREEMENT

Modular Cargo Loading Optimization Software (MCLOS)

Last Updated: 2/3/26

This End User License Agreement is between you (“User”) and [Project Team 15/UC Riverside/HexHomes Capstone Team] (“Licensor”) and governs your use of MCLOS, including source code, documentation, examples, and outputs.

Project Disclaimer & Availability

MCLOS is an open-source software tool created by college students at the University of California, Riverside (UCR) for an academic design project. It is intended for learning, demonstration, and research purposes. This software is provided “as is”, without warranties or guarantees of accuracy, fitness for a particular purpose, or compliance with transportation regulations. Users are responsible for validating all results, including any layout, weight distribution, or stress-related outputs, before applying them to real-world operations. By installing, copying, modifying, or using the Software, you agree to this Agreement. If you do not agree, do not use the Software.

1. License Grant (Open-Source, Academic)

Licensor grants you a non-exclusive, worldwide, royalty-free license to use, copy, modify, and distribute the Software and modified versions for academic, educational, and research purposes, subject to the conditions below.

2. Conditions of Use

When you distribute the Software (source or binary), you must:

1. retain this Agreement and all copyright notices.
2. provide attribution in documentation or a “NOTICE” file, such as:
“MCLOS (Modular Cargo Loading Optimization Software) – Developed by [Team Names], UC Riverside.”

3. Restrictions

You may not:

represent the Software as certified for real-world transport compliance or structural safety or use the Software for commercial services/products without written permission from Licensor (unless

your repo also includes a separate commercial license), remove attribution/copyright notices, use the Software in any way that violates applicable laws or regulations.

4. Outputs and Data

You retain ownership of your input data. You own the output files you generate (layouts, CSV/JSON, images), but you acknowledge outputs may be incomplete, inaccurate, or non-compliant without independent validation.

5. No Warranty (AS IS)

THE SOFTWARE IS PROVIDED “AS IS”, WITHOUT WARRANTY OF ANY KIND, EXPRESSED OR IMPLIED, INCLUDING MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. You assume all risk arising from use of the Software and any outputs.

6. Safety/Engineering Disclaimer

MCLOS is a planning and optimization tool intended for academic demonstration and research. It is not a substitute for professional engineering judgment, inspection, or regulatory compliance review.

Any real-world use (loading, transport, permitting, safety checks) requires independent verification by qualified professionals.

7. Limitation of Liability

TO THE MAXIMUM EXTENT PERMITTED BY LAW, LICENSOR SHALL NOT BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES, OR FOR ANY LOSS OF DATA, PROFITS, OR BUSINESS INTERRUPTION ARISING FROM USE OF THE SOFTWARE OR OUTPUTS.

8. Termination

This Agreement remains effective until terminated. Your rights terminate automatically if you violate its terms. Upon termination, you must stop distributing the Software in violation of this Agreement.

9. Governing Law

This Agreement is governed by the laws of California, USA, excluding conflict-of-law rules.

10. Contact
